

GDP - Feature #114

Auto-withdraw advertisements for logs that have vanished

07/05/2017 12:42 PM - Eric Allman

Status:	Closed	Start date:	07/05/2017
Priority:	Normal	Due date:	
Assignee:	Eric Allman	% Done:	0%
Category:	gdplogd	Estimated time:	0.00 hour
Target version:			
Description			
If a log should disappear from disk while a log server is running, no explicit withdraw request is ever sent. This causes confusing errors. It would better if the server issued an advertising withdrawal and returned "not found" for that log.

- Status changed from New to Closed

GDP Version 2 handles the error in a much more reasonable way, returning a "not found" error rather than an "internal server error". That should be good enough for now.
