<b>Description</b>			
The mqtt-gdp-gateway starts returning the following error randomly after logging data for some time.			
2016-07-14 18:01:14.708168 -0500 mqtt-gdp-gateway: cannot log MQTT message: ERROR: 4.03 forbidden [Berkeley:Swarm-GDP:403]			

### History

#### #1 - 07/19/2016 02:43 PM - Nitesh Mor

- Status changed from New to In Progress

- Assignee set to Eric Allman

Caused two days of data to be lost from sensors deployed in Berkeley. Eric currently working on this

#### #2 - 07/19/2016 04:07 PM - Eric Allman

I *think* I found a race condition that would explain this, but I had trouble when I tried to deploy the fix. I'm testing on another machine now. I've also adjusted the code to make it possible for clients to "self heal".

I'm going to leave this issue open until I'm more confident that it's been addressed.

#### #3 - 08/09/2016 03:52 PM - Nitesh Mor
