History

#1 - 07/31/2016 03:22 PM - Eric Allman

- Category set to gdplogd
- Status changed from New to In Progress
- Assignee set to Eric Allman

This looks like it may be a new bug. It looks related to the "out of sync" errors that I've already seen and thought I fixed, and might be a matter of recompiling. None the less, I've added some debugging (not yet pushed) and will probably need you to recompile with new code in order to understand what is actually going on.

#2 - 08/23/2016 03:26 PM - Eric Allman

- Status changed from In Progress to Resolved

#3 - 09/07/2016 02:17 PM - Nitesh Mor

- Status changed from Resolved to Closed
